25X1	Dictated by - 13 Sept. 1957:
	The Supply Policy and Procedure Staff in cooperation with the
	Technical Accounting Staff are conducting a study regarding the
	feasibility of a machine installation for daily posting and
	balancing as well as alternate manual systems for installation
25X1	When complete, recommendations will be
25X1	forwarded for evaluation.

## CONFIDENTIAL

12 September 1957

MEMORANDUM FOR THE RECORD: REFERENCE: Memorandum for Special Support Assistant to the Deputy Director (Support) from Chief, Audit Staff, Subject - Audit Report as of 30 April 1957 dated 30 July 1957. Paragraph 20 of subject report was discussed in detail with Messrs. Office of Logistics. It was agreed that they would prepare an answer for the Deputy Director, Office of Logistics, as requested by him. This reply will be fully coordinated with this Office prior to its release. The reply will include a statement with regard to the recommendation made by the auditor relative to proving the daily postings made to stock record cards at the Station. The recommendation is under consideration by headquarters, and TAS is presently engaged in a study to determine the feasibility of employing electrical accounting machines (posting machines) for the maintenance of stock record cards at locations wherein the volume warrants this application.
